SUBJECT: Expediting Assistance Required for Contract A-101 - R-W

1. The following classified material, under Department of Navy control, is required for production of the System 4 units:

<u>Item</u>	<u>Quantity</u>	<u>Cost</u>
TN-180/APR-13	5 each	25X1
TN-181/APR-13	5 each	
(above items available from [redacted])		
TN-128/APR-9	5 each	
TN-129B/APR-9	5 each	
TN-130/APR-9	5 each	
TN-131/APR-9	5 each	
25X1 (above item in [redacted])		

2. We have previously had released, through [redacted], sufficient quantities of the above items to build the prototype. Above requirements are for production of the 5 production units.

25X1 3. [redacted] has been apprised of the need for the additional quantities and is working on the problem. This memo is primarily to keep you informed and to allow you to assist in any way possible.

25X1 4. The problem in this instance is not necessarily one of limited production but rather diversion of existing units from [redacted] controlled facilities to our program, since the items are classified. As soon as [redacted] is informed that the units are releasable he will submit his purchase orders to [redacted] and to the [redacted] [redacted] needs a couple of units of each item within 2 or 3 weeks and the balance several weeks thereafter.
